

胎牛血清 (Gibco™)

Fetal Bovine Serum, Value (formerly USDA-approved in North America or qualified, Brazil in other regions)

产品编号: A5256701

保存条件: -20℃ 保存。

产品介绍: **Gibco Serum Delivers**

- ISO 13485-certified, processed in FDA-registered facilities
- Triple filtered at 0.1 µm
- Gibco bottle is easier to use in hood, reduces risk of contamination, and helps you perform cell culture more consistently
- Peel-off sticker on label provides handy reference for lot number and expiration date recording in lab notebook

All products may not be available in all regions due to importation regulations
US Department of Agriculture (USDA) safety tested for the absence of bluetongue and akabane from countries that are USDA-approved for importation into the US
Gibco fetal bovine sera offer excellent value for basic cell culture, specialty research, and specific assays, earning the trust of researchers with consistent quality and award-winning support that help you meet your research needs and budget requirements.
