
CFHL1 Antibody Blocking Peptide

Catalog Number: bs-9905P

Activity: Not tested

Purification: HPLC

Storage: Shipped at 4°C. Stored at -20°C for one year. Avoid repeated freeze/thaw cycles.

Background: Might be involved in complement regulation. Can associate with lipoproteins and may play a role in lipid metabolism. The factor H gene family is a multidomain, multifunctional protein family whose individual members are defined by conserved structural elements, which display diverse yet often overlapping functions.
