
ORM2 Antibody Blocking Peptide

Catalog Number: bs-9915P

Activity: Not tested

Purification: HPLC

Storage: Shipped at 4°C. Stored at -20°C for one year. Avoid repeated freeze/thaw cycles.

Background: Orosomucoid 2 is a key acute phase plasma protein. Because of its increase due to acute inflammation, this protein is classified as an acute-phase reactant. The specific function of this protein has not yet been determined; however Orosomucoid 2 appears to function in modulating the activity of the immune system during the acute-phase reaction.
